

Compliance Date: September 2024

Reell Precision Manufacturing (Reell) ensures that our products and packaging comply with global environmental requirements. Reell declares that, to the best of our knowledge, all products comply with the following criteria as stated in each Declaration below:

EU REACH Substances Declaration

Reell products comply with the applicable restricted substance requirements of the European Union's Regulation on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) (2006/1907/EC) states in Article 33 that any supplier of an article containing a substance being included in the REACH Candidate List of Substances of Very High Concern for authorization ('Candidate List of SVHC') in a concentration above 0.1 % weight by weight (w/w), shall provide the recipient, respectively the consumer of the article, with relevant information. This compliance includes the following: Candidate List (SVHC), Authorizations (Annex XIV), and the Restricted (Annex XVII).

Global RoHS Substances Declaration

Reell products comply with the Substances of Very High Concern (SVHC), European Union Directive 2002/95/EU (RoHS Directive), 2011/65/EU (RoHS 2 Directive), 2015/863/EU (RoHS 3 Directive) of the European Parliament and all accompanying Annexes declarations.

California Prop 65 Declaration

Reell products comply with Proposition 65, which requires businesses to warn Californians about significant exposures to chemicals that cause cancer, birth defects, or other reproductive harm. These chemicals can be in the products Californians purchase, in their homes or workplaces, or released into the environment.

US TSCA PBT Substances Declaration

Reell products comply with the Persistent, Bio-accumulative, and Toxic (PBT) substances as restricted under US Code of Federal Regulations Title 40, part 751 – "Regulation of Certain Chemical Substances and mixtures under section 6 of The Toxic Substances Control Act" (TSCA), on their enforcement date.

EPA Standard 40 CFR 59 VOC Declaration

Reell products comply with the maximum allowable thresholds for Volatile Organic Compounds (VOC) established in the applicable Subparts of the United States Environmental Protection Agency (EPA) Standard 40 CFR 59 for Volatile Organic Compounds.

EU 2019/1021 POP Declaration

Reell products do not contain substances subject to prohibitions listed in Annex I of the European Regulation EU 2019/201 for Persistent Organic Pollutants (POP) amended 2020/784/EU.
