

EU PERSISTENT ORGANIC POLLUTANTS (POPs)

To whom it may concern,

The European Union Persistent Organic Pollutants (EU POPs) Regulation is a chemical management regulation aimed at protecting human health and the environment. Under EU POPs, certain substances are classified as persistent organic pollutants and are either restricted or prohibited within the EU. Reporting requirements or restrictions may vary by industry, product type, or substance use, and include substances as identified in the [List of substances subject to POPs Regulation](#).

This declaration provides information about substances identified by Regulation (EU) 2019/1021, and applies to all products sold or otherwise placed on the market by **Reell Precision Manufacturing** before the signature date shown below.

Reell Precision Manufacturing declares that:

☒ None of these products contains substances from the EU Persistent Organic Pollutants declarable substance list.

- OR -

☐ The products listed below contain substances from the EU Persistent Organic Pollutants declarable substance list, as shown in the following table:

Product(s)	Substance % Present (w/w)	Substance name	CAS Number	Safe use information (if applicable)
N/A	N/A	N/A	N/A	N/A
