

TSCA RESTRICTED SUBSTANCES DECLARATION

The United States Toxic Substances Control Act (TSCA) is a federal chemicals management regulation. Under TSCA, certain substances and substance families are reportable or restricted from distribution in U.S. commerce. Reporting requirements or restrictions may vary by industry, product type, or substance use, and include substances as identified in the [TSCA Chemical Substance Inventory](#).

This declaration provides information about the TSCA declarable substance list, and applies to:

- ☒ All Products sold or otherwise placed on the market by **Reell Precision Manufacturing** before the signature date shown below.

Reell Precision Manufacturing declares that:

- ☒ None of these products contain substances from the TSCA declarable substance list.

- OR -

- ☐ The products listed below contain substances from the TSCA declarable substance list, as shown in the following table:

Product(s)	Substance Name/Group or CAS Number	Concentration (%)	Exemption (if applicable)
N/A	N/A	N/A	N/A

[For the purposes of this declaration, substances restricted only in certain product types or situations need NOT be reported in other product types or situations. For instance, formaldehyde is only restricted in composite wood products; otherwise it does not need to be reported. However, substances restricted without reference to specific product types or use situations must always be reported.]
