

## Environmental Compliance Declaration for All Products

September 9, 2019

Reell Precision Manufacturing (Reell) is dedicated to ensuring that our products and packaging fully comply with global environmental requirements. Reell declares that all Reell products, including our catalog and custom designed products, comply with the following:

### Global RoHS Compliance

All Reell products are designed to comply with the applicable restricted substance requirements of the European Union's Restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment (RoHS) Directive (2011/65/EU) as amended by the EU RoHS Recast Directive (2015/863/EU). By designing Reell products to meet EU RoHS requirements, Reell also achieves compliance with other countries' laws that duplicate the RoHS Directive's substance restrictions, including, but not limited to, China Management Methods for Controlling Pollution by Electronic Information Products (China RoHS), Japan's Law for Promotion of Effective Utilization of Resources, and California's Electronic Waste Recycling Act.

### EU REACH Compliance

All Reell products comply with European Union's Regulation on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) (2006/1907/EC) entered into force on June 1, 2007. Reell complies with the REACH SVHC Candidate list published in Annex XVII on a best effort basis. Reell maintains compliance to every update as they become relevant and in accordance with information provided by its suppliers.

### California Proposition 65

Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986, was enacted as a ballot initiative in November 1986. The Proposition was intended by its authors to protect California citizens and the State's drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals. None of Reell's products contain chemicals in amounts that would trigger a notification or warning under California Proposition 65.

A handwritten signature in black ink, appearing to read "RON NELSON", is positioned above the printed name and title.
